OBJECTIVE

Aspiring Backend Developer passionate about building reliable, scalable software solutions using Java. Driven by curiosity and a strong problem-solving mindset, with hands-on experience turning ideas into working applications through academic projects. Eager to contribute fresh perspective and a continuous-learning attitude to a dynamic development team while growing into a well-rounded software engineer. Proficient in Java and Spring Boot, with a working knowledge of MySQL and a solid foundation in data structures and algorithms. Committed to writing clean, maintainable code and following best practices to deliver efficient, high-quality solutions.

TECHNICAL SKILLS

- Programming Languages: Java (Advanced) & Spring Boot
- Database Management Systems (DBMS) & MySQL – Basics
- Data Structures & Algorithms – Foundational understanding
- Web Technologies: HTML, CSS, JAVASCRIPT

PROJECTS

Online Voting System Using Blockchain — Major Project

- Developed a secure, decentralized online voting platform leveraging blockchain technology to ensure transparent, tamper-proof elections.
- Implemented smart contracts in Solidity to automate vote casting and counting, eliminating fraud and intermediary dependency.
- Integrated MetaMask for secure voter authentication and used Web3.js to connect the front end with the Ethereum blockchain.
- Deployed and tested on a local blockchain network (Ganache) using the Truffle framework.

Exam Registration System — Mini Project

- Built a web app to register and manage student exams using HTML, CSS, and JavaScript, with a focus on clarity and ease of use.

EDUCATION

Bachelor of Technology — Information Technology - 2023 – 2027
Rajiv Gandhi College of Engineering and Technology (RGCET), Pondicherry
CGPA: 7.58

HSC, Class XII — 2023
St. Joseph Higher Secondary School, Cuddalore
Percentage : **66%**

COURSES & CERTIFICATIONS

- NPTEL — Cloud Computing (AWS/Azure basics, GCP, virtualization, distributed systems)
- Computer Networks and Internet Protocol

ADDITIONAL INFORMATION

Languages: Tamil (Native), English (Professional working proficiency)
Availability: Open to relocation and remote opportunities
